

# **Road / Wastewater Committee**

## **June 18<sup>th</sup> 2013**

### **Minutes**

**Members Present:** Ray Rasinski, John Poston, Dave Pohl, Bill Schultz, Justin Stahnke, Wayne Anderson and Chuck Bergquist

The May 21<sup>st</sup> meeting notes were approved; a motion to approve was made by Justin Stahnke and seconded by Ray Rasinski.

Meeting started at 7pm and ended at 8:05pm.

The 72<sup>nd</sup> street paving project between the City of Lake Shore and Loon Lake Township was discussed in great detail, and the group agreed to move the project on to the next step. A motion was made by Chuck Bergquist and seconded by Ray Rasinski.

We discussed Bishops landing and decided to not add any additional signage, and to allow the dock companies to continue to use the access.

We discussed Rardin in regards to grading and decided that we needed to change the frequency of the grading to monthly or as needed by the city.

We also discussed developing a new agreement with Rardin, and putting the work out for bid.

We discussed that we need to give Rardin a list of roads that have had calcium chloride or crushed asphalt, as these roads should not be graded.
